

## **Representative one page profile – Alicia Maultby**

---

### **My strengths:**

- 17 years Qualified Adult Nurse
- 8 years experience as a Clinical Nurse Specialist (Bone Marrow Transplant, Urology)
- Experience in Senior Management, workforce management & patient experience through various roles throughout career; including as a Matron for Cancer & Diagnostic Services
- Advanced Communication Skills
- Qualified Non-Medical Prescriber
- Systemic Anti Cancer Therapy Competent

### **What working style works for me:**

- Love being a team player & collaborating
- Gather all information before making decisions
- Flexible working style
- Being a visible, approachable & kind leader

### **This is why I'm interested in cancer:**

Cancer treatment and care is improving and evolving all the time. The opportunities for the wider workforce are equally evolving, exciting and dynamic and to be able to play a part in both elements is what drives and interests me.

### **These are the groups and networks I am involved in:**

Cancer Alliance Workforce Steering Group  
All CDG Network Meetings  
Cancer Alliance Lead Nursing & AHP National Meeting  
Macmillan Workforce Group  
Royal College of Nursing  
UKONS (UK Oncology Nursing Society)  
Improving Psychology Support for Cancer Steering Group  
Macmillan AHP Expert Advisory Group  
North East Yorkshire Lead Cancer Nurse Collaboration  
Cancer Experience of Care Improvement Collaborative Steering Group

### **This is what is important to me:**

As a student nurse, you are exposed to nearly all elements of health care. I feel extremely lucky to have had a cancer placement on a haemato-oncology ward in Liverpool (where I trained). Since that placement, I have not been away from

## **Humber and North Yorkshire**

### **Cancer Alliance**

Cancer—I knew that caring for patients with Cancer was going to be my life work. I am so proud to be a nurse. Caring for patients and families through all emotions, high or low, uncertainties and vulnerabilities, to me, is a complete privilege. Working within the NHS and all the amazing people that dedicate themselves to ensuring that patients and families get the best possible Cancer care, alongside trying to equip a happy, supported and highly trained workforce is what is important to me.

#### **What I am like when I am not at work:**

I have a 5 year old daughter who keeps me on my toes, along with my 6 year old black lab Ted and 2 cats, Percy (13) and Oren (6months). I love spending time with them when I am not working. My daughter, Ted and I love going to Bridlington beach for walks/building sandcastles and an occasional toe dip in the summer - we try to go there regularly, I feel very lucky that it is just on our doorstep!
